Mild washing gel

Application range

hand & body

For mild dirt on the hands in the industrial and commercial sectors, for admin staff and offices, and for use in the shower.

Application and dosage

Massage 2-3 ml into the skin. Gradually add water and loosen the dirt. Then rinse with plenty of water and dry carefully.

ADVANTAGES

Particularly suitable for stressed skin and frequent washing

- Mild skin cleansing
- Intensive lipid replenishment
- For the hands and for use in the shower
- Available discreetly perfumed or unperfumed
- Very good skin compatibility - dermatologically tested

clean soft

Mild washing gel

Product advice

rath's clean soft contains a particularly skin-compatible surfactant combination with outstanding dermatological properties. The balanced combination of high-quality raw materials offers thorough yet gentle cleansing for sensitive, stressed skin. Nurturing substances provide excellent lipid replenishment, have a regulating effect on the skin's water balance and thus prevent drying out

Safety and applicable laws

As a skin product, rath's clean soft, is subject to the legal specifications in the EC Cosmetics Ordinance (Ordinance (EC) No. 1223/2009).

Dispensers and dosage systems

A selection assistant for dispenser and dosage systems can be found online at www.rath.de or give us a call - we are happy to help.
