rath's clean medium Hand cleanser

Application range

Hand cleanser for moderate levels of dirt

For average, particularly greasy and oily dirt. In production and the workshop area of trade, commercial and industrial businesses, where it is possible to do without abrasives and solvent-based cleansers in order to reduce stress on the skin.

Application and dosage

Massage 2-3 ml into dry hands until the dirt has been loosened. Gradually add water and continue washing. Rinse with plenty of water and dry carefully.

In the case of stubborn dirt, repeat the washing process or alternatively use rath's clean intense.

ADVANTAGES

Abrasive-free, powerful hand cleansing for medium levels of dirt

- Ideal for people who wash frequently
- Gentle hand cleansing
- Intensive lipid replenishment
- No solvents or abrasives
- Very good skin compatibility - dermatologically tested

Hand cleanser

Product advice

rath's clean medium contains a particularly skin-compatible surfactant combination with outstanding dermatological properties. The product cleans sensitive, stressed skin very thoroughly but gently. Nurturing substances provide good lipid replenishment, have a regulating effect on the skin's water balance and thus prevent drying out. rath's clean medium is distinguished by its light, discreet fragrance.

Safety and applicable laws

As a skin product, rath's clean medium, is subject to the legal specifications in the EC Cosmetics Ordinance (Ordinance (EC) No. 1223/2009).

Dispensers and dosage systems
