

PRODUCT INFORMATION

- Hand cleanser with natural abrasive agent
- For tough dirt
- No solvents

rath's clean intense

Hand cleanser

Application range

Hand cleanser for heavy levels of dirt

For heavy, especially greasy and oily dirt in workshops, industrial and commercial sectors, servicing and repair departments and wherever tough, stubborn dirt can only be removed with the help of abrasive agents.

Application and dosage

Massage 2-3 ml into dry hands until the dirt has been loosened. Gradually add water and continue washing. Rinse with plenty of water and dry carefully.

In the case of stubborn dirt, repeat the washing process.

ADVANTAGES

Powerful and gentle hand cleansing against severe dirt

- Natural abrasive agent from the cob of corn
- Intensive lipid replenishment
- Solvent-free
- pH-neutral
- Suitable for dispensers
- Very good skin compatibility - dermatologically tested

clean intense

Hand cleanser

Product advice

Incorrect skin cleansing is one of the most severe triggers of skin disorders. Here we don't just mean the use of paint thinners or organic solvents (e.g. brake cleaners), but also the use of hand cleansers which are not suitable for the type and extent of the contamination. In other words, those whose cleaning effect/strain on the skin significantly exceeds that which is required.

In general, the following applies:

1. The stronger the cleaning force of the surfactants, the lower the skin compatibility.
2. Abrasive agents reduce protective corneal skin through their grinding effect.

This means that the skin has less resistance to outer pollutants. Thinner skin dries out more easily, is more quickly chapped and cracked, and thus promotes consequential damage.

SUMMARY: Cleaning agents must be aligned to the type of dirt, and should be as gentle on the skin as possible. rath's clean series allows you to choose the right cleaning agent for the specific level of dirt.

Skin compatibility

Tested by: Dermatest GmbH – Research Institute For Reliable Results, Muenster.

Result: rath's clean intense passed the dermatological inspections on humans conducted by specialist doctors with a "very good". No toxic-irritant incompatibility reactions occurred in the epidermal test according to international guidelines.

Inhaltsstoffe/Ingredients (INCI)

Aqua, Zea Mays (Corn) Cob Meal, Sodium Laureth Sulphate, Coconut Acid, Laureth-2, Trideceth-7, Sodium C13-17 Alkane Sulphonate, Cocamidopropyl Betaine, Xanthan Gum, Cellulose Gum, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Perfume, Propylene Glycol, Benzyl Alcohol, Methylisothiazolinone, Methylchlorisothiazolinone, CI 77891
