rath's care medium

Skin-care lotion

Application range

For stressed skin.

Regular use after work helps to maintain the skin's natural protective function. Skin care products thus play a key role in preventing skin disorders.

Application and dosage

rath's care medium is highly economical in use. After cleaning, carefully massage a small amount into the skin. Dosage approx. 0.5-1 ml.

rath's care medium is ideal for use on the whole body.

ADVANTAGES

With a high proportion of nourishing active ingredients

- Quickly absorbed
- High in effective ingredients
- No silicone
- Available discreetly perfumed or unperfumed
- HACCP-evaluated (unperfumed version)
- Very good skin compatibility - dermatologically tested

care medium

Skin-care lotion

Product advice

rath's care medium is an easy-to-apply and highly absorbent oil-in-water emulsion. rath's care medium contains valuable active ingredients to support the regeneration of skin under stress at work:

Allantoin has a soothing, anti-inflammatory effect, improves the skin's ability to retain moisture and promotes cell regeneration.

Panthenol (provitamin B5) has an anti-inflammatory effect and helps to heal wounds.

Vitamin E acetate, a multifunctional skin protection vitamin, increases the skin's ability to retain moisture, has an anti-inflammatory effect and helps to heal wounds whilst also protecting against free radicals.

Bisabolol (an important active ingredient in camomile) has an anti-inflammatory effect, helping to heal wounds and soothe reddened skin.

Vitamin F glycerol ester has antibacterial and anti-infective properties, and helps to prevent chapped, dry and roughened skin.

Skin compatibility

Tested by: Dermatest GmbH – Research Institute For Reliable Results, Muenster.

Result: rath's care medium passed the dermatological inspections on humans conducted by specialist doctors with a "very good". No toxic-irritant incompatibility reactions occurred in the epidermal test according to international guidelines.
